EXTENDED COOKIE POLICY

Introduction

This extended policy has been specifically written and customized for www.rrusainc.com according to the measure of May 8, 2014 Issued by the Privacy Authority.

It complements and updates other information already on the site and / or released before by the company, in conjunction with which provides all the information required by art. 13 of Legislative Decree no. 196/2003 and subsequent measures of the Guarantor for the protection of personal data.

Warning

We inform all third parties that the use of this information , or just parts of it , on other websites in respect of which it would certainly not relevant and / or incorrect and / or inconsistent , may result in the imposition of heavy sanctions by the Guarantor for the protection of personal data .

Subject

In these web pages our company uses technologies inclusive of the so-called "cookies" and this statement is aimed to illustrate to the user clearly and precisely how they are used. This document supersedes and replaces in its entirety any previous information provided by the company with regard to cookies, which are to be considered completely outdated.

What are cookies?

Cookies are small text files that are sent to the user's terminal equipment (pc, tablet, smart phone, exc.) by visited websites. They are stored in the user's terminal equipment to be then re-transmitted to the websites on the user's subsequent visits to those websites.

This web site uses the following type of cookies:

1. **Technical cookies** allow the user an excellent and fast navigation through the website and the efficient use of services and/or various options that it offers, allowing for example to make a purchase or login in or to have access to reserved areas. These kind of cookies improve the usability of the website.
   They can be disabled.

2. **Analysis cookies** are tools for anonymous and aggregated web analysis, which allow getting information on how users use the website, how they got there, the number and duration of visits, etc. These cookies allow to carry out improvements to the websites, which facilitate the access by users and to elaborate statistics.
   They can be disabled.

3. **Third parties' cookies** are installed on the user's terminal by managers of third party websites, through this website. Third-parties cookies derive mostly from functionalities of Google Analytics. You can get more information on Google Analytics on the following link: http://www.google.it/intl/it/analytics.

To disable cookies and to prevent Google Analytics to collect data on your surfing, you can download the add-on browser for deactivating Google Analytics clicking on the following link: https://tools.google.com/dlpage/gaoptout.

Browser settings

Please also note that the user can configure, freely and at any time, his parameters of privacy in connection with the installation and use of cookies, directly through his browsing program (browser) by following the relative instructions.

In particular, the user can set the so-called "private browsing", thanks to which his browsing program interrupts the saving of the history of visited websites, any password entered, cookies and other information about the visited pages.

We feel that if you choose to disable all cookies (including those of a technical nature), the quality and speed of services offered by this website could worsen drastically and you could lose access to some sections of the website itself.

Practical information

To block or limit the use of cookies both from this the website and from other websites, directly through your browser, you can follow the simple instructions below and report to the browser of most common use.

Google Chrome: Click the icon named "Customize and control Google Chrome" located in the upper right corner, and then select the menu item called "Settings". In the form which pops up, select the menu item called "Show Advanced Settings" and then the menu item called "Privacy" click the "Content Settings" where you can set the block all or part of the cookies.

Microsoft Internet Explorer: click on the icon called "Tools" at the top-right corner, then select the menu item called "Internet Options". In the form which pops up, select the menu item called "Privacy" where you can set the block all or part of the cookies.

Mozilla Firefox: from the drop-down menu on the upper left, select the menu item called "Options". In the form that pops up, select the menu item "Privacy", where you can set the block or all of the cookies.
